Project Summary – Data Wrangling with MongoDB

What is your name?

Bhavin V. Choksi

What E-mail address do you use to sign in to Udacity?

bvchoksi@yahoo.com

What area of the world you used for your project?

Post a link to the map position and write a short description.

Note that the osm file of the map should be at least 50MB.

I chose Mumbai for my project because it is the city in which I was born, and where I presently live. I understand the nature and layout of the city, and can use that information to improve its map.
